Programming Languages: JavaScript, Python, Java, SQL

Web Technologies: HTML, CSS, React, Node.js

Databases: MongoDB, SQL

Tools & Platforms: GitHub, VS Code, Microsoft Office, Microsoft Power Platform

Mobile Development: React Native

Other Skills: API Integration, UI/UX Design, Debugging, Low-Code Development, VB.NET

PROJECTS

CircuitHub

<https://python-frontend-9vgt.onrender.com>

- Python-based inventory system for managing and tracking electronic components, preventing loss and duplication while maintaining an organized database.

Captivity and Care

<https://github.com/carla-io/animalMobile.git>

- Mobile application for recording animal behaviors, monitoring health, reporting issues, and scheduling veterinary appointments.

Jewel

<https://github.com/carla-io/jewel2.git>

- Mobile shopping application for jewelry products utilizing full CRUD operations for product management.

INTERNSHIP EXPERIENCE

IT Intern

Telstra Foundation Philippines

2026

- Developed an application using Microsoft Power Platforms, digitizing and automating manual workflows, improving document and data management, and collaborating with stakeholders to deliver a user-friendly business solution.

CERTIFICATIONS

Introduction to Generative AI and Prompt Engineering

Sep 2025

- Learned techniques for crafting effective prompts to enhance AI-generated outputs.

R for Everyone: An Introduction

Sep 2025

- Completed an online course using R and RStudio for data analysis and data manipulation.

Data Visualisation Mastery in R: Telling Your Story

Apr 2026

- Developed skills in creating compelling data visualizations and communicating insights using R and data storytelling techniques.

AI for Learning and Future Careers

Apr 2026

- Explored practical applications of artificial intelligence, emerging industry trends, and the impact of AI on future career opportunities.

Fundamentals of Artificial Intelligence

Apr 2026

- Gained foundational knowledge of AI concepts, machine learning principles, and real-world applications of intelligent systems.
